I have included all the parts I can locate.

I've kept the following parts as they do not need restoration:

I would like an estimate before any work is done.

I would like to have the fixtures completely restored.

(Leak free and fully replated in nickel, handles and parts repaired or replaced if needed.)

The fixtures only need to be made leak-free, the existing finish is acceptable to me.

Just clean and replate. Valves don't have to work, I am using them as museum pieces.
